Founder Bamboo Belgium Fina

About Bamboo Belgium

Het is mijn grote droom en missie, om duurzame bamboe kleding dé standaard te maken in de kledingindustrie.

Bamboo Belgium is daarom gespecialiseerd in het ontwerpen en produceren van stijlvolle, tijdloze en duurzame bamboe kleding voor een eerlijke prijs.

De visie is een 100% duurzame leefstijl.

Het leven draait om liefde, respect en gelijkwaardigheid voor de natuur. Dus zowel mens, dier als milieu...

Daarom kiest Bamboo Belgium met haar kleding voor deze 3 pijlers...

1. Slow Fashion van bamboe onkruid
2. Eerlijke productie in Europa
3. Duurzaam ondernemen

Welke bijdrage lever jij voor een duurzame toekomst als je een product koopt of verkoopt?

De toekomst van duurzame kleding, duurzaam leven en duurzaam ondernemen ligt voor je binnen handbereik...

Eén keuze kan al het verschil maken voor de kledingindustrie.

Join de future en kies voor slow fashion van bamboe!

Liefs Fina Vanbuel

*“One choice can be
all-decisive for the
sustainable future in
the clothing industry”*

Partnerships

Om duurzame kleding de standaard te maken vinden we het belangrijk om met duurzame partners samen te werken, die dezelfde duurzame visie en droom nastreven en het verschil willen maken door AAN de kleding industrie te werken.

Alleen samen kan er groter en sneller impact gemaakt worden. Samen staan we sterker.

Daarom werkt Bamboo Belgium samen met duurzame partners die:

- De waardebeoordeling van duurzame bamboe kleding voelen, begrijpen en waarderen.
- Met liefde het verhaal achter bamboe kleding willen uitleggen, promoten en verkopen.
- Kijken naar de lange termijn samenwerking die bijdraagt aan een groenere leefbare wereld.
- Bereid zijn om de eerlijke prijzen te respecteren en te betalen.

Dat houdt in:

- Een inkoopprijs op basis van leefbare lonen en gezonde marges voor producent en winkelier.
- Het hanteren van de consumenten adviesprijzen.
- Geen diepe uitverkoop in verband met de doorlopende collectie (maximaal 10% korting).
- Op tijd betalen van facturen binnen 30 dagen in verband met het houden van een zo'n klein mogelijke voorraad.

Samen gaan we voor zuivere relaties en een win-win-win situatie voor mens, dier en milieu.

From fast to show fashion

Bamboo Belgium kiest voor eerlijke transparante productie in Europa en duurzaam ondernemen in de vorm van slow fashion van bamboe.

- ✓ Zonder seizoensgebonden of trend gedreven collecties.
- ✓ Zonder spotgoedkope verkoopprijzen met continu kortingen.
- ✓ Zonder koopgedrag- en verslavingen te stimuleren met greenwashing.

We zijn niet gestart om kleding te verkopen voor winstmaximalisatie, want in de kledingindustrie zijn we het respect voor de aarde, mensen en dieren aan het verliezen.

Als consument denk je een goede deal te sluiten voor € 10, maar wat schuilt erachter in het productieproces?

En welke ecologische voetafdruk laat je onbewust achter?

Durf je jezelf nog wel in de spiegel te kijken?

In de kledingindustrie is het tijd voor verandering zonder milieuvervuiling, klimaatschade en uitbuiting van werknemers.

Onze toekomstgerichte, ecologische en duurzame visie is er daarom juist op gericht om bij te dragen aan een bewuste en milieuvriendelijke levensstijl.

Vandaar ook onze slogan: 'Met liefde gemaakt om met liefde te dragen!'

Transparant prices

Met eerlijke leefbare lonen wil ik bijdragen aan een duurzame wereld.

Zo krijgt elke duurzame partner en schakel, die een aandeel heeft in het productie- en verkoopproces van duurzame Bamboo Belgium kleding, een eerlijk leefbaar loon.

Om je 100% transparant een beeld te schetsen wie daar van A tot Z in het productie- en verkoopproces bij komt kijken zie de lijst verderop.

De optelsom van alle partners bepaalt de product waarde en dus de eerlijke inkoopprijs.

Dit mag de standaard worden in de kledingindustrie, want met fast fashion worden onder onveilige en slechte arbeidsomstandigheden werknemers nog steeds onderbetaald.

Juist met slow fashion staat liefde, respect en gelijkwaardigheid voorop voor zowel mens, dier als milieu!

“Al die stappen, een eerlijk shirt kan gewoon geen 20 euro kosten”

17 SDG's

Bij Bamboo Belgium draait alles om de 5 waarden: bewustwording, respect, transparantie, gelijkwaardigheid en schoonheid.

Aan de hand van de Sustainable Development Goals (SDG) ligt de focus op kwaliteit in plaats van kwantiteit.

Méér is niet beter.

Méér is niet duurzaam.

Méér is niet toekomstgericht.

Door te kiezen voor minder, bereiken we méér op lange termijn.

Daarmee creëren we samen een ripple-effect.

Dus bouw je mee aan onze grote missie?

Samen staan we sterk én je draagt simpel je steentje bij.

Join the future!

A woman with blonde hair tied back, wearing a light-colored long-sleeved top, is shown in profile, smelling a large cluster of purple wisteria flowers. Her eyes are closed, and her hand is gently touching the flowers. The background is a soft-focus green garden.

A woman with long brown hair, wearing a black short-sleeved dress, stands in a field of tall, dry grass. She is positioned between two large trees with textured bark. Her right hand rests on the trunk of the tree to her left, and her left hand is on her hip. She is smiling and looking towards the right. The background shows more trees and a clear sky, suggesting a natural, outdoor setting.

A woman with blonde hair tied back is posing on a stack of wooden pallets. She is wearing a blue cropped t-shirt and red pants. She has her arms raised in a flexing pose and is smiling. The background is a white wall with some graffiti. The pallets are stacked in a way that she is standing on them, with her legs spread wide.
